

## **LEWES BPW "OCTOBER 2015" UPDATES**

### **Highland Acres**

Highland Acres engineering has been completed. The contract has been put out to bid and five separate contractors have picked up documents. Bid opening is going to be October 13, 2015. Construction is anticipated to begin in late November 2015.

### **Natural Gas**

Chesapeake Utilities will be installing Natural Gas from Highland Acres to Pilottown Village. If you should have any questions regarding this service, please contact Chesapeake Utilities.

### **Lewes BPW Water Department - Savannah Road Project**

The BPW valve sectoring project is now complete. All of the work in the roadway has been repaired and is now ready for the DelDot overlay. The next activity you are going to see on Savannah Road is George and Lynch milling the edges of the road. This will take approximately two days. They will then use the next three consecutive days of work to provide the overlay.

The Board of Public Works extends its sincere appreciation and apology to all of the citizens of Lewes for your patience during the roadwork on Savannah. With difficulties beyond our control we know it has gone longer than expected. We also ask you to return those businesses on Savannah that you might have driven by because of the roadwork and support their establishments.

### **Public Power Week**

Come celebrate "Public Power Week" from October 4, 2015 to October 10, 2015. During that week there will be small gift tokens and snacks to enjoy. Public Power provides reliable power while providing a voice that is heard locally and helps provide economic stability. As customers, it is important to know that the Lewes BPW is accountable to those we serve. If you have any concerns, please talk to your elected BPW Board Members. We are committed to conservation, environmental stewardship and safety as well as providing reliable power.

### **Household Hazardous Waste**

Mark your calendars for the Lewes BPW's Household Hazardous Waste Collection day to be held on Saturday, October 24, 2015 from 9:00 a.m. to 1:00 p.m. at our Old Power Plant located at 227 Schley Avenue. Additional information will be inserted in your next bill.

### **HYDRANT FLUSHING**

On Friday, October 16, 2015 the Water Department will be flushing Hydrants on the Town Side and on Saturday, October 17, 2015 the Beach Side of Lewes will be flushed. Additional information will be inserted in your next bill.
